MEMORANDUM FOR: Deputy Director of Central Intelligence
FROM: Director of Central Intelligence
SUBJECT: Polygraph Program

[] did not come up with what we led Cap Weinberger to expect. He doesn't want this kind of quasi-scientific evaluation of the accuracy and precision of the polygraph. What we should give him is a simple list of successes achieved through the polygraph, perhaps starting with [] and running through to the Colonel [] and the many subsequent breaches of security, petty thievery, or whatever which came to light as a result of a polygraph examination and subsequent interrogation. Don't overlook the Air Force Colonel []
